

THE ELIASON® P I I-PLUS IMPACT TRAFFIC DOOR

Lightweight. Durable.
Economical. Attractive.

THE ELIASON® P I I-PLUS IMPACT TRAFFIC DOOR

This attractive and durable impact traffic door fills the need for a medium priced door that delivers good looks and durability in a lightweight door panel. It can be use in a wide variety of applications, including grocery, restaurant, retail, institutional and light industrial. The 5/8" thick door panel is constructed with a honeycomb polymer core and full perimeter internal expanded PVC framework. It is clad with textured, impact resistant ABS face sheets and features scratch-resistant acrylic 14" x 16" vision panels that are available in both standard and flush styles. These attractive, durable door panels are textured on both sides and operate on the Easy Swing Hinge System pioneered by Eliason more than fifty years ago, and still the smoothest-operating and most reliable hinge system on the market today. If your application requires full perimeter gasketing, specify model G11-Plus.
